Adhesives

Foster® 85-60™ Quick-Tack™ Adhesive (Tan)
- Use to adhere low density duct liner, duct wrap and fibrous glass insulation to the interior and exterior of HVAC ducts
- High tack, rapid-setting adhesive
- Meets ASTM C916 Type II (ASC-A-700A, Type II) requirements
- UL classified and meets NFPA-90A and 90B 25/50 requirements

Foster® 85-00™ Line-Fas™ Adhesive (Dries Clear)
- Designed for adhering fiber glass and mineral wool duct liner insulation to galvanized steel
- High volume spray and coil line operations
- Runs smoothly on spray head, roll coater or drip line equipment
- UL classified and meets NFPA-90A and 90B 25/50 requirements

Foster® 85-45™ Fos-Stick™ Adhesive (Dries Clear)
- Adheres a wide variety of insulation materials to metal or other construction surfaces where immediate adhesion and high initial adhesive strength are required
- Rapid tacking, web spray aerosol adhesive
- Meets California air resources board standard and green seal standards

Duct Sealants

Foster® 32-14™ High Velocity Duct Sealant (Gray)
- Solvent-based, fibrated sealant sets up quickly
- Strong, elastomeric compound for indoor applications
- Multi-purpose product for sealing all pressure class HVAC ducts and adhering duct fabrics and flexible tubing runouts to HVAC components

Foster® 32-17™ Safetee™ Duct Sealant (Gray)
- Fibrated formula provides a tough, flexible seal preventing air leakage
- Excellent weather resistance for indoor and outdoor applications
- Low water vapor permeance and good water resistance for high-humidity applications
- UL-181B-M listed and classified

Water-based formula

Foster® 85-62™ Jac-Tac™ Adhesive (Black) & 85-65™ Stic-Fas™ Adhesive (Gray)
- Adheres low density fibrous duct liner, duct wrap and acoustical linings in air handling systems
- Use for coil lines and conventional hand spray applications
- Resin and polymer adhesive for fast, wet grab
- Meets NFPA-90A, 90B 25/50 requirements

Foster® 85-60™ Quick-Tack™ Adhesive (Tan)
- Use to adhere low density duct liner, duct wrap and fibrous glass insulation to the interior and exterior of HVAC ducts
- High tack, rapid-setting adhesive
- Meets ASTM C916 Type II (ASC-A-700A, Type II) requirements
- UL classified and meets NFPA-90A and 90B 25/50 requirements

Foster® 81-10™ S.M. Adhesive (Green Color)
- Use for adhering duct liner and duct wrap to the inside or outside of HVAC duct work
- Solvent-based, fast tacking and fast drying adhesive
- UL classified and meets NFPA-90A and 90B 25/50 requirements
